

# harmonious flow

## Keely

"*Science* will in time classify the important modifications of the *one force* in *nature* as *sympathetic streams*, each *stream* composed of *triple flows*. Keely maintains that the *static condition* which the *magnetic needle* assumes when undisturbed by any extraneous *force* outside of its own *sympathetic* one, proves conclusively that the *power* of the *dominant third*, of the *triple combination of the magnetic terrestrial envelope*, is the controlling one of this *sympathetic triplet*, and the one towards which all the others coordinate. All the *dominant conditions* of *nature* represent the *focal centers* towards which like surrounding ones become *sympathetically subservient*. The rapid *rotation* of the *magnetic needle* of a *compass* shown in his experiments rests entirely on the alternating of the *dominant* alone, effected by a *triple condition of vibration* that is *antagonistic* to its **harmonious flow** as associated with its other *attendants*. A rapid *change* of *polarity* is induced and rapid *rotation* necessarily follows. [Snell Manuscript - The Book, DISTURBANCE OF MAGNETIC NEEDLE, page 8]
